NOTI

Mula is a family of classically designed furniture comprising sofas, armchairs, pouffes, and coffee tables.

The look of the collection has been inspired by the design of the 1960s, characterised by soft lines, a simple and elegant form, and timeless comfort. The choice of metal or wooden legs and stainless steel skids makes the seats visually suitable both for public spaces and home interiors.

In 2020, another variant of the Mula armchair was launched, with a wooden rocking skid combining modern design with a new functionality.
