Rosco

design:
Piotr Kuchciński
2006/2020

NOTI

Rosco is a collection of modular sofas, armchairs and pouffes designed for flats. The horizontal form of low backrests, together with the flawlessly fitting cushions, is a distinctive feature of the collection. The shape of the cushions provides not only comfortable back support, but also a wide array of possible arrangements, as the cushions can be moved and rotated. Additionally, the variety of modules ensures the freedom to compose our own configurations of lounge sets. All modules are placed on steel loop legs which complement the form of each Rosco piece.
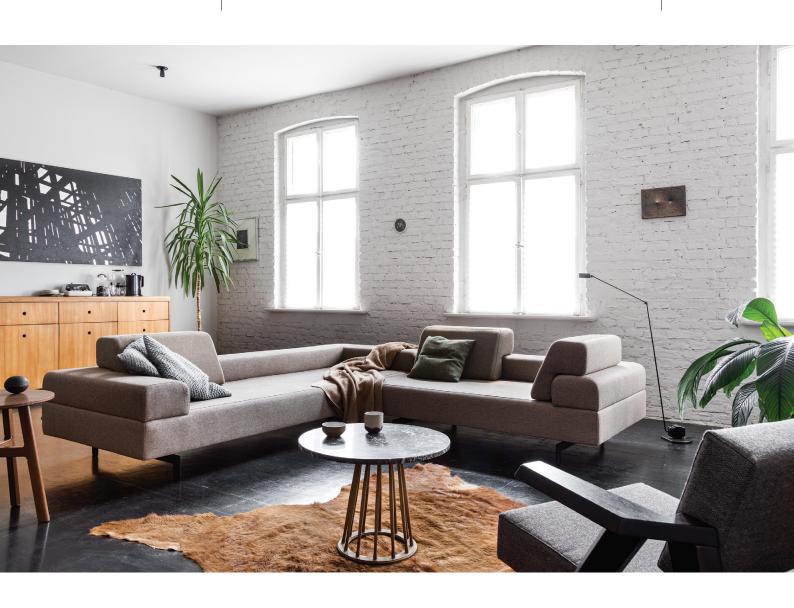

The collection is supplemented by coffee tables with modern design, characterised by 6 cm wide loop legs and frame protruding outside the tabletop. These distinctive details add definition and sharpness to the design.

In 2020, Piotr Kuchciński designed a new base for Rosco sofas, placing them on subtle metal legs which make the collection visually light.

Rosco

NOTI

Upholstered furniture

Base	stainless or painted steel skids, painted steel legs
Seat	PU foam
Finish	fabric and leather options

Tables

Structural elements	stainless or painted steel skids or legs
Table tops	painted MDF
